Profile

Statement

A young professional who has been pushing himself to refine his skills with a unique blend of computer programs, as well as digital design. Mostly focusing on but not limited to user interface and web design. Other fields of expertise include graphic design, motion graphics, and video editing.

Education

Bachelors of Fine Art - Digital Media

Kendall College of Art & Design

Graduated Spring 2015

17 Fountain St. NW, Grand Rapids, MI 49503 | Ph: 800.676.2787

Experience

Treadstone Funding - Multimedia Designer

Feb 2012 - Feb 2013

During the time I spent with Treadstone I worked as a general multimedia designer. My tasks included graphic design for print, web design/development, video editing, and motion graphics. This is where I developed a wide range of skills as well as a direction on where to move in the future.

Varsity News Network - Design Intern

June 2014 - May 2015

While interning with Varsity News Network (VNN) I filled the role as an advertising designer. I had the opportunity to create banner advertisement for a wide range of clients, anything from the U.S. Army to Buffalo Wild Wings. The banner formats ranged from static, animated gifs, and HTML5 banners.

Other

About Me

Born and raised in West Michigan, I grew up with a passion for art & technology. When I'm not busy designing things for clients I like to draw, snowboard, play video games, and try every craft brew I can get my hands on.
